Agency Information Collection Activities:

Submission for OMB Review; Comment Request

AGENCY: Office of the Comptroller of the Currency (OCC), Treasury.

ACTION: Notice and request for comment.

SUMMARY: The OCC, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995. An agency may not conduct or sponsor, and a respondent is not required to respond to, an information collection unless the information collection displays a currently valid OMB control number. Currently, the OCC is soliciting comment concerning its extension, without change, of an information collection titled, "Release of Non-Public Information -- 12 CFR 4, Subpart C." The OCC is also giving notice that it has submitted the collection to OMB for review.

DATES: You should submit written comments by [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

The OCC is proposing to extend OMB approval of the following information collection:

Title: Release of Non-Public Information -- 12 CFR 4, Subpart C.

OMB Control No.: 1557-0200.

Form No.: None.

Description: This submission covers an existing regulation and involves no change to the regulation or to the information collections embodied in the regulation. The OCC requests only that OMB renew its approval of the information collections in the current regulation.

The information requirements require individuals who are requesting non-public OCC information to provide the OCC with information regarding the requester's legal grounds for the request. Release of non-public OCC information when the requester did not have sufficient

legal grounds to obtain the information would inhibit open consultation between a bank and the OCC, thereby impairing the OCC's supervisory and regulatory mission. The OCC is entitled, under statute and case law, to require requesters to demonstrate that they have sufficient legal grounds for the OCC to release non-public OCC information. The OCC needs to know the requester's legal grounds to determine if it should release the requested non-public OCC information.

The information requirements in 12 CFR part 4, subpart C, are located as follows:

- 12 CFR 4.33: Request for non-public OCC records or testimony.
- 12 CFR 4.35(b)(3): Third parties requesting testimony.
- 12 CFR 4.37(a)(2): Current or former OCC employee notifying OCC of subpoena.
- 12 CFR 4.37(a) and (b): Limitation on dissemination of released information.
- 12 CFR 4.39(d): Request for authenticated records or certificate of nonexistence of records.

The OCC uses the information to process requests for non-public OCC information and to determine if sufficient grounds exist for the OCC to release the requested information or provide testimony. This information collection makes the mechanism for processing requests more efficient and facilitates and expedites the OCC's release of non-public information and testimony to the requester.

Type of Review:

Type of Review: Regular.

Affected Public: Businesses or other for-profit; individuals.

Estimated Number of Respondents: 195.

Estimated Frequency of Response: On occasion.

Estimated Total Annual Burden: 592 hours.

On November 25, 2011, the OCC published a notice in the Federal Register soliciting comment for 60 days on this information collection (76 FR 72764). No comments were received. Comments continue to be invited on:

- (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;
- (b) The accuracy of the agency's estimate of the burden of the collection of information;
- (c) Ways to enhance the quality, utility, and clarity of the information to be collected;
- (d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and
- (e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
